

Software Tester

Level 4
Apprenticeship

INTEQUAL

About us

At Intequal, we are specialists in the management and provision of top quality IT and digital apprenticeship programmes.

As a technology driven organisation, we have years of experience acquiring and training talent for all types and sizes of organisations. Our apprenticeships provide real-time work and learning experience opportunities in various industry sectors and our programmes include globally recognised professional qualifications from Microsoft and CompTIA.

Working closely with business, we deliver our apprenticeships through interactive instructor-led online learning sessions via Skype. These act as a virtual classroom conducted twice weekly within the workplace with a fully qualified trainer.

Our blended training delivery enables:

- Increased productivity - workbased study
- Instant application of knowledge to role
- Dedicated Pathway Planner to provide study support
- Employer-led training tailored to business needs

Software Tester

Level 4 Apprenticeship Programme Summary

The aim of the programme is to provide the skills and knowledge required to begin a career in IT as a Software Tester or similar roles. The duration of this apprenticeship programme is typically 16-18 months delivered in a blend of online/offline methods whilst staying within the workplace.

Career Pathways

Programme Comprises
